**College Counseling Office
Form VI Academic Advisor Form**

Dear Advisor,

You have a special relationship with many students in your critical role as an academic advisor. Throughout a boy's Upper School experience, you have guided his choices about courses, study skills, peer relationships, and possibly even a career. In addition, you may have been his coach, teacher, or activity moderator. You have developed a level of knowledge of your advisees that can be most useful to the college counselors as we write their secondary school report letters for college applications, and help them identify a college major, conduct a realistic search for colleges, and plan for and take standardized tests. Please take a few minutes to complete this questionnaire. If you prefer to write a letter-style response, that will work nicely as well. We appreciate your assistance and support. *Thank you!*
